### ⚙️ BACKGROUND

Born in the faraway Ehad in the Ehadu system, you were once a smuggler - a petty criminal. You don't like to talk about it, it's all in the past. But the scars are there. The crimes you witnessed put a mark on your soul. For a while, you were almost lost to the Darkness. But the Icons became your relief and salvation. Now, you know that you have a calling and an obligation to never let your friends down. You will fight darkness with jokes, love and happiness. And you will never ever return to your old ways.

## ZEBO

### Deeply devout machinist

*You thank the Icons for your life. You once choose the wrong path in life, and almost lost yourself in the process. Now, you are on the right path. You take pride in looking after the ship's graviton projector as well as your comrades. The greatest mission of them all is to make sure that your friends walk in the holy light of the Icons.*
